

# Stephen Toledo

Date: April 2, 2005

## Thank You

It is with much happiness that I send you this bulletin in appreciation for your help and support. With your help I have seen my dream of helping the sick and needy come true. As always I would like to thank you for all that you do. None of this would have been possible without you.

I would especially like to thank Doris Ruiz, President of the *Latino Civic Association* of Staten Island, NY who generously donated toys, games, construction paper, crayons and so much more.

To Andrés and David Martínez for their donation of bilingual books.

To the employees and Manager of *Kid City* in Clifton who helped in the purchase of outfits, blankets and swing for the borders babies.

To my dear friends at Valley National Bank and all the MRI staff from St. Barnabas Medical Center that never forget me and always help so much. Thank you all so very much.

## Visit to Clara Maass

On February 4, 2005 we had the honor to visit Clara Maass Medical Center to deliver the large donation of bilingual books donated by the brothers Andrés and David Martínez. The Nurses and staff were especially excited with this donation because we were told that Spanish books are hard to come by and at a very high demand in this area. We are sure that these books will be enjoyed by many families.

Stephen, Stephanie, Gabriela and Delia with the head nurse of Pediatrics Princesita Baytan, RN and Jane Kessler Director of Foundation.

We are very close to being able to purchase two portable computers for the emergency unit of Clara Maass Medical Center. This is a picture of what we are looking to purchase. It will be used by the children as they wait to be treated while in the emergency room.

## Visit to University Hospital in Newark

As many of you know, it has been a long time dream of mine to help the needy children.

With the help of many (especially Nellie Laracunte, Doris Ruiz, and the MRI staff of St. Barnabas Hospital) my dreams became a reality on April 1, 2005. I was able to visit University Hospital in Newark and present

the border babies with various outfits, toys, blankets, and swing.

As you may imagine it was a very emotional and fulfilling day for me.

The following are pictures of that visit.

Stephen, Stephanie, and Gabriela with the donations for the border babies of University Hospital in Newark.

Stephen, Stephanie, Delia y Yo con los empleados del University Hospital de Newark.

Stephen and Stephanie with the bags of outfits and swing.
